

Making the Most of Blackboard Classroom

ABOUT THIS COURSE

Learn how to use the powerful tools in Blackboard Classroom that allow for personalized learning, the flipped classroom, mobile learning, class analytics, interactivity with H5P, cloud and productivity tools. This course reviews pedagogy, shows examples, and provides how-to instructions. You will learn about the Personalized Learning Designer, groups and groupings, Blackboard Classroom tools for Flipping the Classroom, Blackboard apps for Blackboard Classroom users, IntelliBoard, and Google G-Suite and the Microsoft Office integrations.

WHO CAN BENEFIT FROM THIS COURSE

- Teachers, course builders, trainers and anyone else who touches the building of online or hybrid courses in Blackboard Classroom.
- Site administrators who would like to learn more about the course building features of Blackboard Classroom.

WHAT YOU WILL LEARN

- Create personalized learning for your students within Blackboard Classroom.
- Identify strategies and ways to flip the classroom using Blackboard Classroom.
- Explain the mobile apps available for Blackboard Classroom.
- Identify how to view reports and analytics with IntelliBoard.
- Create interactive content using H5P.
- Use Google or Office 365 to share content in your classroom.
